

BC Children's Hospital, an agency of the Provincial Health Services Authority, provides expert care for the province's most seriously ill or injured children, including newborns and adolescents. Children's is an academic health centre affiliated with the University of British Columbia, Simon Fraser University, and the Child & Family Research Institute. For more information, please visit [www.bcchildrens.ca](http://www.bcchildrens.ca).

The Provincial Health Services Authority (PHSA) plans, manages and evaluates selected specialty and province-wide health care services across BC, working with the five geographic health authorities to deliver province-wide solutions that improve the health of British Columbians. For more information, please visit [www.phsa.ca](http://www.phsa.ca).

## MEDIA RELEASE

**November 2, 2007**  
**For immediate release**

### **Statement issued on behalf of the parents of Jeremy Westwood**

**Vancouver, B.C.** – BC Children's Hospital confirms that Jeremy Westwood remains in hospital in fair condition, which means vital signs are stable and within normal limits. The patient is conscious and may be uncomfortable; indicators are favourable.

The parents of Jeremy Westwood would like to thank everyone in the Chilliwack community and others for their help in identifying a suspect. They are focusing all of their energy on Jeremy's recovery and are asking the media to please respect their privacy over the weekend, so they can concentrate on Jeremy's health. They will not be granting any interviews at this time.
