

ENHANCED SKILLS IN WOMEN'S HEALTH

Effective July 2010, we are offering a Women's Health Enhanced Skills residency position (R3) within the UBC Department of Family Practice.

Below is a brief description of the training being offered:

- Twelve weeks in duration
- Aimed at practicing physicians and new residency graduates wishing to offer enhanced skills in Women's Health to underserved areas of British Columbia
- Encompassing a broad selection of Women's Health disciplines
- Incorporating focused time in two individually chosen areas of skill development
- Opportunity to spend two weeks in a women's health focused clinical practice
- The training will be oriented around specified learning objectives
- Supervision and support is provided on a regular basis
